

## Total Refresh

Total Refresh is a service designed by TechQuarters to help businesses upgrade their IT infrastructure to the latest levels of technology (e.g. New laptops, PC's, Surfaces, Servers, Mobiles etc.,) without large upfront costs. With Windows XP ending its life in April this year and the huge benefits of using Microsoft Office 365 (Exchange, SharePoint, Lync, Office 2013) in the cloud, there is no better time to refresh your whole IT environment. Once the project has been completed, you may choose TechQuarters to help support your environment with up to 25% saving in normal support fees.

How does Total Refresh work?	What are Total Refresh benefits?	Available Total Refresh features
<p>This is the process:-</p> <p>We perform a Free audit all your IT equipment, which includes PC's, Laptops, Servers, Mobile handhelds and Printers. You don't have to upgrade everything, just the kit that is old and not compatible with the new network.</p> <p>Once this has been completed we provide you with a fixed monthly fee for the equipment and project fees combined. We will also provide you with a fixed monthly fee for on-going support services.</p> <p>We then perform the project and you get a brand new Windows 8 network, touch screen technology and full training on how to use it.</p>	<ul style="list-style-type: none"> <li> No upfront costs!</li> <li> Faster more productive staff</li> <li> Flexible working</li> <li> Faster communications</li> <li> Cost effective upgrade</li> <li> New technology</li> <li> Happy motivated staff</li> <li> Massively reduced downtime</li> <li> Time savings</li> <li> Modernized environment</li> <li> New simpler processes</li> <li> Business continuity</li> </ul>	<ul style="list-style-type: none"> <li> Emails all in sync on every device using Exchange Online</li> <li> Data accessed locally or in the cloud using SharePoint</li> <li> Internet Voice calls and Messaging using Lync</li> <li> One-note meeting notes in sync across all devices</li> <li> Hosted Virtual Servers using Windows Azure</li> <li> New Laptops/PC's with Windows 8</li> <li> Touch Screen technology</li> <li> A new CRM system with Dynamics</li> <li> New Windows Mobiles all in sync with your PC</li> <li> New Windows Surfaces for on-the-go staff</li> <li> Centralized Managed Printing</li> <li> Full staff training</li> </ul>

An example Total Refresh for a 20 user site, including unlimited support starts at just £55/user/month, with no setup fees.
